

>> The Smartest Tool for Your PCR

YouPlay is a powerful software to manage video contribution in PCR. YouPlay can send On-Air any video format during news, talk shows or live events coverage. YouPlay can also feed studio video-walls, featuring clips playout or playlists, play/stop from still frame, animations and much more. YouPlay's user-friendly interface fits perfectly into live productions and it is so intuitive that requires no training.

XTRIMMER

CG COMPOSER
